

OUTDOOR LAWN GAMES

BOCCE BALL

Bocce Ball is played with eight large balls and one smaller target or object ball called a pallina. There are four balls per team and they are made of a different color or pattern to distinguish the balls of one team from those of the other team. The game is played with two teams, with each team having one, two or four players.

WASHER TOSS

Washer toss is a game, similar to horseshoes, that involves teams of players that take turns tossing washers towards a box or hole.

HORSESHOES

Horseshoes is a lawn game played between two people (or two teams of two people) using four horseshoes and throwing targets (stakes) set in a lawn or sandbox area. The game is played by the players alternating turns tossing horseshoes at stakes in the ground, which are traditionally placed 40 feet (12 meters) apart.

JUMBO DICE GAME

Yard Dice are large hand sized dice meant for playing a wide variety of diced based games in outdoor settings like a backyard get together, BBQ, birthday party, work party, picnic and much more. The oversized dice typically come in sets of six, which allow you to play many different games.

BEAN BAG TOSS

The bean bag toss game can be played with 2 or 4 players. Each team gets 4 bean bags to throw. When 4 players are used, team members stand at opposite ends and may throw from either side of the box. Each player throws from behind the front of the boxes. Each team alternates shots beginning with the team that had scored last.

GLOW IN THE DARK LAWN DARTS

Great game for adults and kids! Designed for visibility as well as safety, the lawn darts have wings and targets that brightly glow in the dark after being charged by sunlight and rounded soft rubber weighted tips instead of the usual deadly spikes.

CONNECT 4

An over-sized, outdoor version of Four-in-a-row. Guaranteed family fun!

ACTIVITY FUN BAGS

A fun filled "activity" bag including such things such as playground balls, gator dodgeballs, whiffles and scooper sets with balls, skipping ropes as well as frisbees, etc.

DISC SLAM

Disc Slam is a fun and fairly simple game to play in the backyard, on the beach, or pretty much anywhere outside. It is a frisbee based 2v2 team game that involves throwing a frisbee at a trash "can" like target.

SPIKE BALL

Great Active Outdoor, Indoor, Backyard, Beach, Camping Game that kids and adults can enjoy.

ACCESSIBLE EQUIPMENT

HIPPOCAMPE

An all terrain wheelchair that give the rider freedom to go anywhere and is designed to enable everyone to enjoy the great outdoors. Riders are provided with access to difficult terrain, such as beach, snow, mountains and swimming areas. It is lightweight, compact, waterproof, buoyant and can be pushed or self propelled. The Hippocampe has a weight restriction of 250-300lbs.

TRICYCLES

FRE DCP16 is small enough for an average 7 year old, but adaptable to fit most kids in their early teens. Direct drive and low gear ratios make peddling easy for a beginner, yet challenging for an aggressive rider. Inseam 20"-26" - maximum weight 150lbs.

TRIAD TMX T-5 is a robust tricycle for older children. It is fitted with 20" wheels and has a caliper brake with parking brake feature. Suitable for children between 47"(120cm) and 57"(145cm) tall and maximum recommended weight is 150lbs.

FREEDOM CONCEPTS AS2000 TRIKE features rear steer, direct drive one speed, easy pedal power, parking brake, large footplates, hoop handlebar, high backrest, chest harness & bell. This is an adult bike with 20" tires. Maximum weight 225lbs.

MOBI CHAIR

This adjustable floating wheelchair allows riders with low mobility to access the beach and enter the water. It comes with an attached push bar on the back, large wheels to make maneuvering sand easier, and safety straps and belts keep riders with limited trunk control secure. Wheels and arm rests act as floatation devices so the chair and rider may float in the water. The mobi chair has a weight

restriction of 300lbs.

HOCKEY SLEDGES

This piece of equipment is great for riders who need lateral support and who have good head, neck and trunk control. This sled has padded seats, safety traps, raised back support and a head rest. Comes with push handles on the back.

ADAPTIVE LIFEJACKET (PFD-A)

These PFD's combine the safety of other PFD's while also providing extra head support. They allow the user to float while lying on their back. These PFD's are very difficult to overturn because of their large surface width and they do not dip the head into water

ADAPTIVE LIFE JACKET LJ-A

This lifejacket supports the upright position for persons with a disability. Through use, people can put themselves alone in the vertical on water. Provides ample frontal support.

ADAPTIVE CANOE EQUIPMENT

LASHING BARS

Join two canoes together to create a super stable platform to fish, motor or sail on big waters.

CANOE STABILIZER FLOATS

Designed to be easy to use, universal and keep your canoe stable and upright. This is not a personal floatation device—always wear a PFD.

DROP IN SEAT

Durable, lightweight seat is easy to assemble when you want to add an additional passenger to your canoe. Made of a strong aluminum frame—holds up to 300lbs.

FITNESS EQUIPMENT

YOGA MATS

Yoga mats are specially fabricated mats used to prevent hands and feet slipping during asana practice in modern yoga as exercise. We have several yoga mats available.

NORDIC WALKING POLES

Trekking poles help you propel forward and upward while providing traction and stability. These trekking poles have bell shaped hand grips for more stability and support. Nordic walking is a total body version of walking that can be enjoyed both by non-athletes as a health promoting physical activity, and by athletes as a sport. The activity is performed with specially designed walking poles similar to ski poles.

MISCELLANEOUS

Toddler Tunnel

Sand Castle Kits

Stacking Cup Sets
